center

"He defends the cause of the fatherless and the widow, and loves the alien, giving him food and clothing." Deuteronomy 10:18. I am a coordinator of Social Referrals at WPS, Once a week I bring the women to TOC for their basic needs. By bringing the women here, the Trinity Outreach Center has helped me understand what being *SAVED* is all about. I have attended church on and off throughout my adult years and I had yet to understand what exactly being *SAVED* was or is. I always assumed that in order to be saved you must attend church on a regular basis, participate in church events, know the Bible inside and out, and give up certain things. I've learned through the help of TOC that being *SAVED* is accepting Jesus Christ as my lord and savior. When I understood that, I knew that I had been *SAVED* for years. And so, I continue my walk in life with Christ and know that my faith in Him will lead me toward spiritual growth and happiness.

Arnessa Dotson
